64-bit software is required to enjoy the advantages of 64-bit processing.

This product is intended to come to market at Windows 8 general availability, which is October 26, 2012.

Optional.

Bundled software may vary depending on regional availability.

Trial periods vary depending on the geographic region and specifications: 365-day trial for China, Taiwan, Hong Kong, and Singapore (Simplified Chinese and Traditional Chinese OS models); 60-day trial for other regions.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
